VatOil SynMat 7GT LV

Description

SynMat 7GT LV is a premium, very low-viscosity Long Life ATF, specially formulated for the latest generation of automatic 7G-Tronic Plus transmissions from Mercedes-Benz. Specially selected, high-quality base oils, combined with the latest additives, provide the SynMat 7GT LV with the following properties:

- Outstanding fuel-saving
- Extremely high resistance to oxidation
- Excellent and very stable friction characteristics for extended oil change intervals
- Outstanding lubrication properties
- Excellent protection against corrosion and foaming
- Excellent low-temperature properties
- Fully compatible with seal agents used by Mercedes

Application

SynMat 7GT LV is a premium synthetic ATF, specially formulated for the latest generation of automatic 7G-Tronic Plus transmissions from Mercedes-Benz. Compared to the first generation 7G-Tronic transmissions, even greater emphasis is placed on fuel saving in 7G-Tronic Plus transmissions. SynMat 7GT LV contributes considerably to the realisation of this fuel saving. The product can be used where the MB 236.15 specification is required.

Specifications

MB 236.15

Typicals

Density at 15 °C, kg/l	0,840
Viscosity 40 °C, mm ² /s	18,80
Viscosity 100 °C, mm ² /s	4,40
Viscosity Index	150
Flash Point COC, °C	188
Pour Point, °C	-57
Total Base Number, mgKOH/g	4,0

Available packagings

50726
20 L can

50727
60 L drum

50728
210 L drum
