### VatOil PSF 115 LV

#### Description

PSF 115 LV is a special synthetic hydraulic fluid for power steering. The product is based on advanced base oils blended with special additives. The PSF 115 LV properties:

- Smooth suspension and levelling under all circumstances
- Extremely high and stable viscosity index
- Very low pouring point
- Day-to-day driving in summer and winter

#### Application

PSF 115 LV is used as a hydraulic medium for a wide variety of hydraulic systems, such as: power steering systems, level control systems, hydro-pneumatic suspension systems, shock absorbers, hydrostatic drives, ABS/ASR and ASC systems, hydraulically operated clutches and electro-hydraulic folding roof control systems, etc. Always consult the VatOil advisory database for optimal use.
