Classic Gear LS 90

Description

Classic Gear LS 90 is a limited slip hypoid SAE 90 transmission oil for classic vehicles. Modern and often low-viscosity transmission oils are significantly less suitable, or unsuitable, for use in classic transmissions. Kroon-Oil Classic Oils line is tailor-made for use in classic vehicles. Premium mineral base oils and carefully selected additives provide Classic Gear LS 90 with the following properties:

- Outstanding lubrication properties
- Excellent limited slip properties: extremely well-suited for use in locking differentials
- Good resistance to corrosion
- Outstanding EP properties
- Excellent protection against wear, even in the case of heavy shock loads
- Compatible with classic seals and rubbers
- Good resistance to foaming

Application

Classic Gear LS 90 is a special, limited slip hypoid transmission oil. The product is suitable for locking differentials and other transmissions in classic vehicles that require limited-slip transmission oil that meets the API GL-5 specification.

Specifications

API GL-5 Limited Slip

MIL-L-2105B/C

Ford M2C 104-A
