### Kroon-Oil Pneumolube

#### Description

Pneumolube is the perfect lubricant for tools driven on compressed air. Pneumolube is based on a water-soluble synthetic lubricant, supplemented with specific additives to achieve the following properties:

- Good resistance to corrosion, oxidation and wear
- Prevents the formation of ice deposits in compressed air tools and machines
- Prevents the formation of deposits in the pneumatic system
- Mild cleaning effect
- Does not affect rubber and/or synthetic parts

#### Application

Pneumolube is used as a mist lubricant for pneumatic systems such as: demolition hammers, drills, air motors and pneumatic hammers. The product does not mix with other mineral products, but cleaning the systems is not required. Work can still take place down to -25 °C without the pneumatic system freezing.

#### Typicals

Density at 15 °C, kg/l	1,102
Viscosity 20 °C, mm <sup>2</sup> /s	23,00
Viscosity 40 °C, mm <sup>2</sup> /s	10,00
Pour Point, °C	-75
Refraction Index 20°C	1,417
pH - 10 % in water	8,5

#### Available packagings

02213  
1 L bottle

37085  
20 L pail

12109  
60 L drum

12207  
208 L drum
