### Inject & Valve Cleaner

#### Description

Fuel Inject & Valve Cleaner is a professional petrol additive for all 2 and 4-stroke petrol engines. It removes deposits from the entire fuel system. Properties:

- Optimises fuel atomization and combustion
  - Increases engine power
  - Reduces fuel consumption
  - Ensures a quick cold-start
  - Prevents rough engine idling and misfiring when accelerating
  - Keeps exhaust gas emissions as low as possible
  - Catalytic converter friendly
- Instructions for use:
- Pour into the petrol tank before fuelling
  - Normal consumption: 1 bottle per 4000 km
  - Heavily contaminated systems: 1 bottle on the first 3 times you fill up, then maintenance dose
  - Unfavourable usage (short journeys, city driving, low annual mileage): 1 bottle per 2000 km
- 325 ml treats a maximum of 50 litres of petrol.

#### Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Manufacturing our own products guarantees a consistently high quality. Putoline Oil, Driven by Technology!

Please refer to the advisory database for use of the correct product.
