VatOil Syngold LL-II 0W-30

Description

SynGold LL-II 0W-30 is a fuel saving, fully synthetic engine oil. It is formulated with high quality base oils and enhanced with advanced additive technology to provide the ultimate performance. Properties:

- Reduces formation of sludge and varnish deposits
- Improves oil film strength and breakdown resistance
- Lowers oil evaporation and consumption at extreme conditions
- Good fluidity at low temperatures
- Extended oil change intervals

Application

SynGold LL-II 0W-30 is suitable for Unit Injector Diesel engines of VAG in passenger cars and delivery vans with 'WIV system'. The product is also applicable in those engines where the specifications as stated below are requested. Not applicable if the VW norm 503.01 is requested (W8 and W12 engines). Always check the product recommendation database for the right application.
