Kroon-Oil Polish Wax

Description

Polish Wax is an advanced, water-based wax. Its special composition makes it suitable for matt paint, metal, aluminium, titanium, carbon and plastic. It provides excellent protection, a deep gloss and intensifies the original colour.

Application

Apply a thin layer of Polish Wax. Rub it out with a soft, lint-free cloth. Shake well before use. Do not use in direct sunlight or on hot surfaces, this may cause staining. Vanilla scented.

Available packagings

22010

400 ml aerosol

The data mentioned in this product information sheet is meant to enable the reader to orientate himself about the properties and possible applications of our products.
