Kroon-Oil Fuel Optimum 4T

Description

Fuel Optimum 4T is a high-quality alkylate petrol for 4-stroke engines. As it is alkylate-based, Fuel Optimum 4T is up to 99% cleaner than ordinary petrol. What is more, the product is almost completely free of harmful substances such as benzene. The most important properties of Fuel Optimum 4T:

- Reduces maintenance and extends the service-life of your machine
- Kinder to the environment
- Better for your health, thanks to fewer emissions
- No soot or smoke is produced on combustion
- Prevents deposits forming inside the machine
- Chemically stable and therefore able to be kept for longer than conventional petrol
- A less powerful smell than ordinary petrol
- Almost completely free of benzene and other harmful substances

Application

Fuel Optimum 4T is suitable for 4-stroke petrol engines in garden and park maintenance machinery. It offers optimum performance in machinery such as chainsaws, hedge trimmers, lawnmowers, leaf blowers, rotavators and trimmers. What is more, you can also use Fuel Optimum 4T for other 4-stroke engines such as those used in quad-bikes, generators, ride-on mowers, boats and classic cars.
