Putoline Scooter 4T+ ECO 0W-30

Description

Scooter 4T+ ECO 0W-30 is a fully synthetic 4-stroke engine oil. The unique formula provides the protection that is required for frequent stop/start riding conditions in busy city traffic. Scooter 4T+ ECO 0W-30 is exclusively developed for modern 4-stroke scooters that meet the latest Euro 4 exhaust gas emission requirements. Its very low viscosity and use of the latest generation of additives give this product fuel-saving properties.

Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Manufacturing our own products guarantees a consistently high quality. Putoline Oil, Driven by Technology!

Please refer to the advisory database for use of the correct product.

Specifications

VW 503.00/506.00/506.01

Typicals

Density at 15 °C, kg/l	0,857
Viscosity -35 °C, mPa.s	5360
Viscosity 40 °C, mm ² /s	53,00
Viscosity 100 °C, mm ² /s	9,60
Viscosity Index	168
Flash Point COC, °C	226
Pour Point, °C	-51
Total Base Number, mgKOH/g	10,2
Acid number, mgKOH/g	3,37
Sulphate Ash, %	1,28
Noack, %	9,5

Available packagings

74216
1 L bottle

74265
20 L Bag in
Box

74218
60 L drum

74219
200 L drum

The data mentioned in this product information sheet is meant to enable the reader to orientate himself about the properties and possible applications of our products. Although this overview is composed with all possible care on the stated date, the compiler does not accept any liability for damages caused by incompleteness and/or inaccuracies in this information, especially when these are caused by obvious typing errors. The terms of delivery of the supplier apply to all product supplies. The reader is advised, especially for critical applications, to make the final product choice in consultation with the supplier.
