Tyre Shine

Description

Tyre Shine is a premium tyre spray. The product restores the original black colour of tyres and leaves a satin gloss. Due to its special formula with ozone protector, Tyre Shine protects the tyres against drying-out and prevents the formation of hairline cracks. Treatment returns the tyres to showroom condition.

Instructions for use:

- Shake well before use
- Remove any excess dust, dirt, mud and grease from the tyre
- Evenly spray Tyre Shine onto the tyre (keep it approx. 20 cm from the tyre)
- Leave to soak in for 1 minute
- Wipe off with a lint-free cloth

Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Manufacturing our own products guarantees a consistently high quality. Putoline Oil, Driven by Technology!
