E10 Fuel Fighter

Description

E10 Fuel Fighter is a powerful fuel additive. Specifically developed to protect the fuel system against the harmful effects of E10 fuels, which contain 10% bio-ethanol. E10 Fuel Fighter compensates for the adverse effects and prevents engine damage. The product has the following properties:

- Protects the fuel system against corrosion
- Improves the lubricating properties
- Reduces internal friction in the engine
- Reduces fuel consumption
- Cleans injectors and valves: ensures optimum combustion. Instructions for use:
- Add 0.1% to the petrol (25 ml for 25 litres of fuel)
- The special dosing system on the bottle helps you add the right quantity

Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Manufacturing our own products guarantees a consistently high quality. Putoline Oil, Driven by Technology!

Please refer to the advisory database for use of the correct product.
