Torsynth 20W-50

Description

Torsynth 20W-50 is a modern, fuel-saving, universal motor oil based on mineral and synthetic base oils that naturally have a high viscosity index. It is supplemented with carefully balanced additives to achieve the following properties:

- Fuel saving (up to 2%)
- A very high viscosity index and high resistance to shearing
- A smooth cold start
- A protective lubricant film at high temperatures
- Excellent dispersion and detergency, thereby preventing a high build-up of black sludge
- Very high resistance to wear, corrosion and foaming
- Suitable for use in motor vehicles with the latest catalytic converter technologies

Application

Torsynth 20W-50 is a universal, fuel-saving motor oil, suitable for all petrol and diesel engines, both with and without turbochargers, in cars and vans. Consult the product specifications in the product sheet for correct usage.
