Agrifluid HT-Plus

Description
Agrifluid HT-Plus is a modern, hydraulic transmission oil of very high quality. The product is based on high-grade base oils and a highly advanced range of additives. This achieves a high-grade, universal hydraulic transmission oil from the new generation. Agrifluid HT-Plus offers the following properties:

- A high and stable viscosity index
- A very low pour point
- Excellent oxidation stability
- High thermal stability
- Superior EP and anti-wear properties
- Favourable friction properties and therefore suitable for systems with wet brakes
- Excellent resistance to corrosion and foaming

Application
Agrifluid HT-Plus is a high-grade universal tractor transmission oil (UTTO) from the new generation. The product has been specially developed for high-load hydraulic and transmission systems found in the most common modern earth moving equipment, either with or without wet brakes. Agrifluid HT-Plus is also excellent for use in certain continuously variable transmissions (CVT) found in earth moving equipment.

Specifications
API GL-4
Allison C4
Cat TO-2
Case MS 1210
CNH MAT 3540/3525
FNHA-2-C-200.00/201.00
Ford M2C86-C/M2C134-D
John Deere J20C/D
Massey Ferguson M1141/M1143/M1145
Valtra G2-08
Volvo WB 101
ZF TE-ML 03E/05F/06K/17E/21F
