Avanza MSP+ 5W-30

Description

Avanza MSP+ 5W-30 is a modern, fuel-saving, synthetic engine oil, developed in accordance with the latest Mid-SAPS technologies for use in cars with particulate filters and/or catalytic converters. It is supplemented with specially selected, synthetic base oils and advanced additives to achieve the following properties:

- Fuel saving
- Outstanding protection against LSPI (Low Speed Pre Ignition)
- Reduced formation of combustion residues due to lower SAPS content
- Extended service life of particulate filters and catalytic converters
- A smooth cold start
- A protective lubricant film at high operating temperatures
- Extended oil change intervals
- Excellent dispersion and detergency
- Very high resistance to wear, corrosion and foaming

Application

Avanza MSP+ 5W-30 has been specially developed for modern petrol and diesel engines in cars with a particulate filter and/or catalytic converter. The special Mid-SAPS formula extends the service life of those components. This oil also offers excellent protection against the harmful phenomenon LSPI, Low Speed Pre Ignition. Suitable for use in the models of PSA where an engine oil with the PSA specification B71 2290 > 2017 is prescribed and for all cars that prescribe an ACEA C2 specification.
