### Hand Gel 70% Alcohol

#### Description

Hand Gel 70% Alcohol is a strong cleansing hand gel.

#### Application

Instructions for use:

Apply the product on dry clean hands, wrists and around nails. Apply enough gel to keep the hands visible and noticeably humid for 30 seconds. Wipe your hands completely dry with the same movement as when washing your hands normally. Make sure the gel cleans all parts of your hands and wrists. Do not rinse your hands afterwards. Minimal application time 30 seconds.
