### Kroon-Oil Intake & EGR Cleaner

#### Description

Intake & EGR Cleaner is a specially developed powerful cleaner for the removal of deposits and soot contaminants throughout the entire intake process. The product improves the performance of internal combustion engines and also reduces fuel consumption. Intake & EGR Cleaner is suitable for cleaning EGR valves, throttle bodies, piston rings, piston ring grooves, inlet valves, exhaust valves, valve stems, valve plates and other parts within the inlet area. Properties:

- Extreme cleaning action
- Reduces fuel consumption
- Removes deposits easily and quickly
- Easy to use
- Doesn't leave any residue

#### Application

Intake & EGR Cleaner is suitable for both petrol and diesel engines. Spray the product into the air intake manifold when the engine is hot and idling. Do not empty the canister all at once but spray at short intervals, paying close attention to the engine speed. Do not re-inject until the engine speed has returned to normal. Empty the aerosol can in this way and let the engine idle for approx. 15 minutes.

#### Available packagings

36813

400 ml aerosol
