Gear Grease EP 1

Description

Gear Grease EP 1 is a multipurpose grease for central and gear lubrication. This grease has been manufactured from well-refined, high-viscosity base oils and a lithium complex soap thickener, under addition of Extreme Pressure- and other additives to obtain the following properties:

- Great adhesion to metals
- Excellent water-displacing capacity
- Very good stability
- Very effective against wear and corrosion
- Good pumping qualities
- Excellent Extreme Pressure (EP) properties

Application

Gear Grease EP 1 is extremely well applicable for centralized lubricating systems.
