## Kroon-Oil Bio Hedge Trimmer Spray

### Description

Bio Hedge Trimmer Spray is a specialised lubricant for the optimal lubrication of hedge trimmer blades. The product has excellent lubricating properties and dissolves resin effectively, not only ensuring optimum machine operation, but also providing protection against the effects of acids, and preventing rust. The product is biodegradable (CEC-L-33-T-82 > 85%).

### Application

Apply Bio Hedge Trimmer Spray regularly to effectively protect the hedge trimmer. The blades should preferably be cleaned with Kroon-Oil Quick Cleaner XT and dried. Then thoroughly spray the blade with 2 to 3 layers of the maintenance spray and let it soak in for a while. If the hedge trimmer is not used for a long time, the blades should be treated again after a few weeks to prevent rust formation.

### Available packagings

37152
400 ml aerosol
