Kroon-Oil Antifreeze SP 14+

Description

Antifreeze SP 14+ is a high-quality Long Life antifreeze, using a patented silicate-free P-OAT technology (Phosphated Organic Acid Technology). Application of this advanced technology gives this product the following benefits:

- Long service life due to the use of advanced P-OAT corrosion inhibitors
- Excellent cavitation protection
- Excellent corrosion protection of all common metals in modern cooling systems, including aluminium and ferro-alloys
- Unique inhibitor package also neutralises the negative effects of flux residue that arises in the production process of aluminium radiators
- Superior cooling properties due to silicate-free formula.

Application

Antifreeze SP 14+ is a modern green/blue antifreeze for use in modern cooling systems of various Japanese and Korean models. This product is also suitable for various models of the Stellantis group (including PSA, Fiat, Alfa Romeo, Lancia, Opel) and the Renault group (including Dacia, Nissan and Mitsubishi). Consult our product recommendation database at www.kroon-oil.com to see if this product is also suitable for your vehicle. Dilute with demineralised water before use.

Specifications

ASTM D3306 / D6210

JIS K 2234

Fiat 9.55523

Ford WSS-M97B57-A1

MB 325.7

PSA B71 1111

Renault 41-01-001 -V / RNES-B-00014 v2.1

Typicals

Density at 15 °C, kg/l 1,124

Refraction Index 20°C 1,437

pH - value 8,3

Available packagings

37346
1 L bottle

37347
20 L can
