Kroon-Oil Coolant SP 15+

Description

Coolant SP 15+ is a ready-to-use, premium, Long Life coolant with frost protection down to -38°C. The advanced OAT additive technology guarantees excellent and long-lasting corrosion protection, as well as long-term stability. This product has a very high acid-neutralising capacity, allowing very long change intervals. Unique additives also neutralise the negative effects of flux residue that occurs during the production process of aluminium radiators. Coolant SP 15+ is completely free of nitrites, borates and 2-ethylhexanoic acid (2-EHA).

Application

Coolant SP 15+ is a modern, ready-to-use, orange, Long Life coolant. The product is specifically developed for the modern cooling systems of "Heavy-Duty" diesel engines in trucks, buses, agricultural vehicles, earth-moving machinery and industrial vehicles. This product is also suitable for passenger vehicles and other vehicles that require one of the specified quality levels below.

Specifications

| ASTM D3306-20 / D6210-17 |
