Putoline SP Gear LV 75W-85

Description

SP Gear LV 75W-85 is a high-grade low viscosity (Limited Slip) 'Total Drive Line' transmission oil. The synthetic formula ensures excellent protection and operation of transmissions, final drives and differentials, even in the lowest temperature conditions. The product has been specially developed for final drives and differentials of road and off-road motorcycles and quads. SP Gear LV 75W-85 is suitable for both recreational and competition use.

Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Producing our own products guarantees constant high quality. Putoline Oil, Driven by Technology! Please refer to the product recommendation database for use of the correct product.

Specifications

API GL-5

Typicals

Density at 15 °C, kg/l	0,870
Viscosity 40 °C, mm ² /s	81,50
Viscosity 100 °C, mm ² /s	12,10
Viscosity Index	144
Flash Point COC, °C	190
Pour Point, °C	-51
Brookfield -40°C, mPa.s	55000
