Maestrol 2T Pro

说明

Maestrol 2T Pro is a 2-stroke (petrol) motor oil that is semi-synthetic. It is supplemented with special additives to achieve the following properties:

- Outstanding lubrication of all engine parts thanks to effective adhesion: wear is reduced and the service life of the engine is extended
- Powerful detergency, as a result of which the combustion chamber and the exhaust ports remain clear of deposits, even at high temperatures
- Almost complete combustion so that the spark plugs remain clean, ensuring optimal performance of the engine
- Excellent resistance to corrosion and wear
- Limited formation of smoke and odour
- Can also be mixed with unleaded petrol

应用

Maestrol 2T Pro semi-synthetic motor oil is suitable for high speed and heavy-duty, air-cooled 2-stroke engines in mopeds, motorcycles, scooters, chainsaws, lawnmowers, generators, etc. It is also suitable for 2-stroke engines with water cooling. Can be used as a self-mixing product, or in automatic lubrication systems. Mixing ratio: 1 part oil to 50 parts fuel or use the mixing ratio recommended by the manufacturer.

规格

API TC

JASO FD

典型

15 °C 时密度, kg/l	0,866
粘度 40 °C, mm ² /s	38,70
粘度 100 °C, mm ² /s	7,10
粘度指数	147
闪点 COC, °C	122
流点, °C	-45
总碱值, mgKOH/g	1,4

包装规格

36260
1 L bottle36456
5 升罐装37540
15 升盒中袋装36733
20 L Bag in Box36457
20 升提桶装
